When parents are involved in their children's education, children do better in schools. Parents and the school community can bring great wisdom to the work of the school site council if they are truly a part of the decision making process. What is Site Council? The mission of the school site council is to provide advice and counsel regarding specified areas of their school's programs and operations.

The Oatville Site Council will be composed of teachers, school personnel, parents, business community and other community groups. Site Council will meet 5 times throughout the year. Below are the following dates and times. If you would like to join Site Council, please email me at nrust@usd261.com.

Thank you!
