RE: Campus High School Gym Resurfacing

We are asking for a resolution authorizing Haysville USD 261 to enter into contract Creative Floors Coating and Design for the resurfacing on the main gym and auxiliary gym at Campus High School. The project will take place over the summer so it will not disrupt the learning environment. The cost of the project (\$39,840) will be paid out of Capital Outlay Funds. We sent the request for proposal to 4 different vendors. We received 3 bid sheets back. The bid results are as follows:

Creative Floors	\$39,840
Beckett Brothers	\$43,571
KG Floors	\$48,600
AAA Hardwood Flooring	No bid and has not returned any calls

Floors are to be sanded with power driven drum sanding equipment to remove all finish and game line paint as per MFMA guidelines. No paper grades are to be skipped. Final sand with 100 grit screen or paper using a rotary machine. This final sanding should provide a smooth and even surface, free from scratches, drum stop marks or gouges. After sanding, the floor will be thoroughly vacuumed/cleaned to remove sanding dust and grit. The floor will be tacked multiple times to remove fine dust prior to sealing.

After preparing surface, Bona Sport Seal will be applied at 500sq. ft. per gal. After proper drying and prepping a second coat of Bona Sport Seal at 500 sq. ft. per gal will be applied. After thoroughly dried the surface will be abraded with 120 grit screens, vacuum and thoroughly tacked. Game lines, graphic art and lettering will be applied using Bona Court Lines sport floor paint.

After the paint has been abraded, the floor will be completely cleaned and the first coat of Bona All Court Poly Finish will be applied at a rate of 500 sq. ft. per gallon. After the first coat has thoroughly dried a second coat of All Court will be applied at the same rate.

All game lines will be applied per Kansas State High School Activities Association regulations and per the local Unified School District.
