

## Memo

TO: Haysville Board of Education

FR: Dr. Clint Schutte, Assistant Superintendent of Business/Finance

DA: October 19, 2015

RE: Information on Corridor at Campus High School

By adding the new safe room in the courtyard area at Campus High School, we are creating a new exterior corridor. Please see the attached pictures for reference. This issue was presented to the architects and the construction manager at risk. This committee examined the issue and have the following options for consideration.

- Use current staff members to monitor activity in this area.
- Install cameras to help staff monitor this area.
- Enclose the area at an estimate of  $3,025 \text{ sf} \times \$168/\text{sf} = \$508,200$
