What: We are asking for approval to hire four technology positions, six ground crew positions, four paint crew positions, and three bus-cleaning positions. Please see the attached requests.

Why: The summer projects completed by these employees are often difficult or impossible to complete during the school year while students are in attendance.

Where: These requests will effect Operations and Informational Services.

When: The staffing increase will be from May through August.

How: The Operations Director and the Director of Information services will take application. Upon review of the application and interviews of the candidates offers will be made to fill the positions.

Who: The additional staff will work under the supervision of Director of Transportation, Maintenance / Custodial Supervisor, Executive Director of Operations, and Director of Information Services.

How Much: The cost for all seventeen positions is estimated at \$75,000.

If you have any questions, please contact me.

Thank you for your consideration.
