

## Memo

TO: Haysville Board of Education

FR: Dr. Clint Schutte, Assistant Superintendent of Business/Finance

DA: July 27, 2020

RE: Change in Facility Usage Policy

As part of the Kansas Department of Health and Environment and CDC recommendations, we are asking for a resolution limiting the use of school district facilities to Haysville USD 261 sponsored activities only and that the use of Therapy Animals be temporarily banned while we are under the pandemic response guidelines. This does not include service animals.
