Sept Edition

Welcome back ! We have had a very good and busy start to the school year and we are looking forward to a great year. Being new to Campus this year, I would like to express how welcome, kind and friendly the Campus community has been and I am excited about working with all to continue to move Campus High School forward to great things and great opportunities.

Today is 9-11-18. We have so many memories of this day, from where we were when we learned of the 9-11 attack, to our reaction, to our action. Not many moments stand still in history like this one does, where you can remember precisely what was going on at the moment you learned of it. Maybe the moon landing, or the end of a war, or the Kennedy or Martin Luther King Jr assassinations all are all similar points in our history that make us reflect, process, and think about our lives, and remember what is important. Please allow your self time in our busy day to reflect, respect ,and pray as we remember those lost.

Now on to what is happening: at CHS:

Tonight is a parent workshop on “ How to Be Your Best Self for Your Family”- Parenting tips and Tricks for all Ages. This free one hour workshop will help you learn:

- Tips for regulating Behavior
- How to give consequences that work
- Self Care

All parents are welcome

6:30 –7:30 at the Learning Center , 150 Stewart St Haysville.

Student Highlight:

On Friday, August 24th, the following students: Noah Alexander, Delanie Dosh, Andrea Gonzales, Hayleigh McCutchin, Cody Tobin, Sebastian Weatherman and Alyssa Winkleman, traveled to Independence Community College and the William Inge Center for the Performing Arts to participate in the 16th Annual 24hr Theatre Plays. This activity creates six new ten minute one act plays from the student playwrights to an actual fully acted performance with costumes, props, lights and sound. As a result of their participation in this Phenomenal activity four Campus High School seniors received Scholarships for full books and tuition to ICC. Thanks go to ICC for hosting this amazing opportunity for theatre students of all levels to experience the creativity that theatre allows.

The Campus Manestage Players and Music department have begun work on the Annual Fall musical production of MEET ME IN ST. LOUIS. Our performance dates are Nov. 9 & 10. Tickets will go on sale the 9th of October, and will be available for purchase on-line and we look forward to seeing a huge crowd. For more information about upcoming activities and performances see our Facebook page <https://www.facebook.com/groups/manestage/> or our page on the Campus High School website.
