USDA recently revised the CACFP meal patterns to ensure children have access to healthy, balanced meals throughout the day. Under the updated child meal patterns, meals served will include a greater variety of vegetables and fruit, more whole grains and less added sugar and saturated fat. The changes made to the meal patterns are based on the Dietary Guidelines for Americans, scientific recommendations from the National Academy of Medicine, and stakeholders input. CACFP centers must comply with the updated meal patterns by October 01, 2017. If you have any question or comments please contact KSDE Child Nutrition & Wellness 785-296-02276
