Campus High School

Principal's Newsletter

March 2010

Dear Parents,

I want to thank everyone for participating in the enrollment process two weeks ago. This was a time when parents, students and teachers truly worked together to plan for future academic endeavors. We try to do our very best to give students the finest education possible. Involvement in your student's education shows that you believe education is a priority and should be taken seriously.

March 11 marks the end of the grading period which means we only have nine weeks left in this school year. Make sure to remind your student to turn in all assignments. Missing assignments is the overwhelming reason for failing grades in high school.

The winter sports season is quickly coming to a close. We have had several outstanding accomplishments during the winter athletic and activities season. The Campus wrestling team had two students win state championships. Dalton Miller won a state championship at 112 lbs. and Cody Beasley won at 119 lbs. The girls' bowling squad and one of our male bowlers qualified for the state bowling competition.

The Campus staff is here to educate your son/daughter so each student will be prepared to be successful in future endeavors after graduation. To do this we need your active participation and input. Please feel free to contact our staff at any time.

Sincerely,
Myron Regier
Principal

2010-2011 Pre-Enrollment

During February, Campus students prepared for 2010-2011 Pre-Enrollment during Advisory. Students reviewed future goals, historical grades and graduation progress as part of Advisory lessons. The students used this information to make enrollment choices for next year. Advisory/Seminar teachers invited parents to attend Enrollment Conferences February 10th and 11th. Once again, nearly 90% of the current CHS students and parents attended Enrollment Conferences.

Incoming Freshman and their parents were also invited by Campus teachers to attend Enrollment Conferences at Campus High School. Mr. Michael, Campus Freshman Counselor, has met with many 8th graders who did not attend enrollment conferences to complete Pre-Enrollment forms. Copies of these forms were sent home with the student for parental review.

Campus Counselors are now reviewing the student requests to ensure they have met all graduation requirements and course prerequisites. If you were unable to attend an enrollment conference, please contact your students Advisory/Seminar Teacher or their counselor to discuss your student's 2010-2011 Pre-Enrollment. If you would like to make any changes in your student's pre-enrollment, please contact the Campus Counseling Center at 554-2240 as soon as possible.

Junior News to Know

Did you know that many colleges are now focusing on Juniors? Many colleges in the area are hosting Junior Days during the spring semester. Campus High School allows Juniors to take two college/vocational school visits during the spring of their Junior year. The process is outlined in the student agenda.

There are also a number of unique opportunities for students during their Junior year and the summer before their Senior year. Some of these opportunities include Boys State/Girls State, Cadet Law Enforcement Academy, Future Teacher Academy and many more.

Junior News to Know is a listing of opportunities for Juniors compiled by Mr. Zemanick, CHS Junior Counselor. The list is updated periodically and posted in the Counseling Office, Junior English and Advisory/Seminar classrooms. The list is also posted on the Campus Counseling Website:

www.usd261.com/Campus/Counseling.

Has your Junior taken the ACT Test? It is recommended that all college bound students take the ACT Test at least once each semester beginning the second semester of their Sophomore year. If your student has not taken the ACT there are 2 remaining test dates, April 10 (March 5 registration deadline) and June 12 (May 7 registration deadline). Students planning to enroll in English 101/102 as seniors must have an ACT English subtest score of 20 and a cumulative GPA of 3.00 to enroll. Many colleges scholarships are based on the ACT will have deadlines early in the fall. There may not be time receive an ACT score in time if the student waits until next fall to take the ACT. It is very important that your Junior take the ACT this sometime spring.

Summer School Q & A

Q: When is summer school and where will it be held?

A: Summer School is held at the Campus High School Library. The first session begins June 1 and ends on June 24. The second session begins June 28 and ends July 22. Classes will not meet on Friday or on July 5.

Q: What is the cost for Summer School?

A: The cost is \$150 per half credit. Students who qualify for free/reduced lunches will receive a \$25 reduction.

Q: How many courses can a student take during summer school?

A: Depends on how serious they want to work. Students may enroll in two courses. Completion of a course will enable students to enroll in additional courses as needed.

Q: What courses will be offered?

A: Nearly every core course offered in the fall and spring semesters, as well as an ACT/SAT prep course. Other elective classes are also available.

Q: How is the summer semester different from the fall and spring?

A: Students enrolled in the summer semester will take a computer-based diagnostic test to determine what aspects of the course they need to complete prior to credit being given. Upon completion of all computer-based and paper-based assignments, credit will be granted to the sending school, provided all financial obligations have been met.

Q: What time does class begin and end?

A: The morning block is from 8:00 – 11:00; the afternoon block is from 11:30 – 2:30.

Q: What if my student doesn't finish? Do I get my money back?

A: Our staff is paid by student enrollment, so there are no refunds once you have enrolled. Also, additional fees for a time extension are due regardless of completion. Fifteen days represents an adequate time for nearly every student considering the amount of help available.

Q: When can I enroll?

A: Enrollment is open now. Enrollment is open until June 28 provided space is available.

Q: Is transportation provided?

A: No. However, we will assist families in finding other summer school students who live in the same neighborhood to ease the burden of getting students to and from Campus.

Q: Is additional time available if I don't get done before the end of the session?

A: Yes. A one-week extension (4 days) is available for a fee of \$25 to cover additional staff salaries.

Q: My cousin attends another high school but needs a credit. Can she attend Campus summer school?

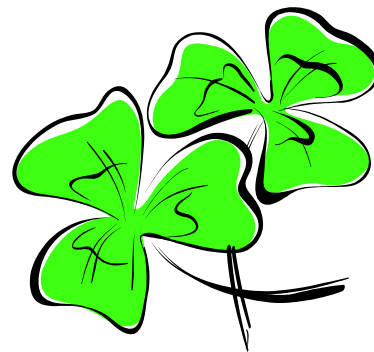

A: Yes. Students who reside outside of USD 261 are eligible to attend on a space-available basis. There is a \$40 out-of-district fee per course.

Q: How do I get more information?

A: Call Phil Bressler or Richard Elliott at 554.2236. Or you can e-mail us: bressler@usd261.com or relliott@usd261.com.
