

# Washington DC Club

---

This trip has a rich tradition in Haysville, now at 20 years and counting!

This is NOT a school, USD 261 sponsored trip. This trip is organized, managed and insured by Worldstrides. They are the largest (and in our opinion-BEST) student travel company in the business. They have been in existence for over 50 years and send over 3 million students to Washington, D.C and other locations around the country and the world. Please check out their website [HERE](#) for more information.

## WHAT WILL WE SEE?

From year to year there is some fluctuation on the sites we visit because we don't always know where we are going to be able to get appointments to. During a typical trip we will travel to Jamestown, Virginia touring the sites of our early settlement. The next morning we will go to Williamsburg, VA. It is a mile long town that has been restored and reenacts the late 1700's. After that we usually travel to DC and see all the major monuments, memorials, museums, capital building and as many of the major sites as we can fit in.

## WHAT IS THE COST?

The total price of the trip also fluctuates from year to year and can range from \$2100.00 to \$2600.00. It is for an "all inclusive" trip to Jamestown, Williamsburg and Washington, D.C. Airfare, hotels, three meals a day, all entry fees, a bus coach, and a guide are the major things included in the pricing. Students would only need money for "extra" things such as souvenirs, extra snacks, a bottle of water, etc. In theory, the student could leave for the trip without a penny in their pocket and be fine. We do 3 or 4 fundraisers during the year that can help with the cost. However, there is NO WAY a student can raise the entire amount on fundraising.
